

Activity:

Completing Your Budget

This activity involves completing your initial budget plan. You are provided with a link to an Excel spreadsheet that lays out each component of your budget including income, savings, fixed and variable expenses. You can use this spreadsheet tool to create your initial budget, and return to review, evaluate, and adjust it over time.

Activity: Completing Your Budget

Complete the budget on the Excel spreadsheet linked below. If you are not entirely sure about the amount of a particular item, a rough estimate will work for now; the key is to at least get started.

Be sure to enter each amount as a monthly figure. Remember to divide your periodic bills (those paid annually, quarterly, etc.) so you enter the monthly amount of your bills and income.
